

ChargePoint Network Station Manager

MANAGEMENT AND ACCESS CONTROL FOR CHARGEPOINT CHARGING STATIONS

Coulomb Technologies' web-based ChargePoint Network Software Application Services make it easy to manage and maintain ChargePoint Charging Stations for every business need. The ChargePoint Network Station Manager provides charging station owners centralized management of access control, advertising and usage data for their ChargePoint Charging Stations.

The screenshot shows the 'Stations' management page. It includes a 'Filter Stations' section with fields for Display Name, Model Number, Address, ACL Name, and Serial Number. There are also dropdown menus for Status, Ad Status, and ACL Status. Below the filters is a table listing stations with columns for Display Name, Model Number, Serial Number, MAC Address, Status, Ad Name, ACL Name, and Address.

Display Name	Model Number	Serial Number	MAC Address	Status	Ad Name	ACL Name	Address
COULOMB TECH / PM DEMO 001	CT1000-CDMA	GUID6708	000D:8F00:0025:6F44	Available	PM Demo Ad		1692 Dell Ave, Campbell, CA 95008, USA

Control charging station access

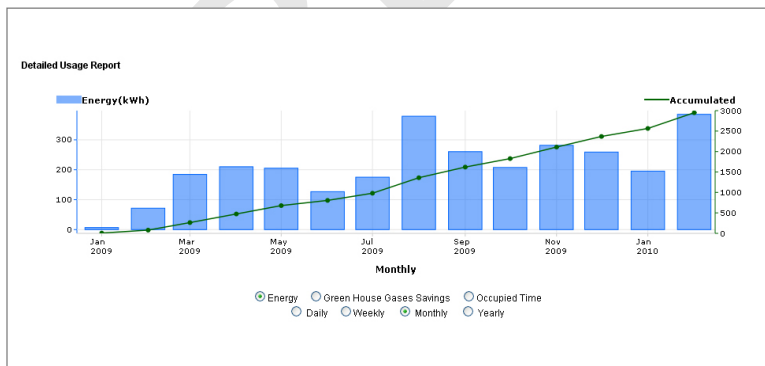

Control costs, eliminate electricity theft and enhance safety by defining how your charging stations are accessed. Decide if your charging stations are available for public or for private use. Customize ChargePass Card private access options to restrict charging station use to individuals or groups and configure access options to vary by calendar and by time of day.

The screenshot shows the 'Apply Ads' section. It includes a dropdown for 'Apply Ad' and a text area for 'Ad Name' with a 'HAPPY HOLIDAYS' banner. Below this is a table listing stations with columns for Display Name, Model Number, Serial Number, MAC Address, Status, Ad Name, ACL Name, and Address.

Display Name	Model Number	Serial Number	MAC Address	Status	Ad Name	ACL Name	Address
COULOMB TECH / CONF RM 001	CT1000-CDMA	GUID6730	000D:8F00:0025:6FC3	Available	Null Ad		INDOOR DEMO, Campbell, CA 95008, USA
COULOMB TECH / CONF RM 002	CT1000-CDMA	GUID6708	000D:8F00:0025:645C	Available	Null Ad		INDOOR DEMO, Campbell, CA 95008, USA

Customize advertising

Advertise your brand and build driver loyalty using the ChargePoint Networked Charging station scrolling banner display. Customize the display to greet drivers or to announce special incentives in any language.

Track charging station usage

Measure green initiative success and manage your return on investment with station usage data. The Station Manager displays usage, energy consumed, station availability and greenhouse gas (GHG) trends for each charging station. Data can be exported and combined with data from other systems to track costs, calculate savings and monitor efficiencies of the electric vehicle charging system.

Track charging station inventory

Know the exact details of your charging station inventory at all times. The Station Manager displays name, MAC address, serial number, warranty number, model number and location for each charging station. Data can be exported and combined with data from other systems to track assets and asset costs more effectively.

The screenshot shows a web application interface with a navigation bar (Home, Reports, Stations, Configure, My Account, Charging Stations, Help) and a 'Filter Inventory Report' section. The filter section includes input fields for MAC Address, Display Name, Model Number (with a dropdown menu), Serial Number, Warranty Number, and Address, along with 'Filter' and 'Reset' buttons. Below the filter is a table with columns: Display Name, MAC Address v, Serial Number, Warranty Number, Model Number, and Location. The table contains 8 rows of data for various charging stations.

Display Name	MAC Address v	Serial Number	Warranty Number	Model Number	Location
COULOMB TECH / DTE NAJAS	000D:6F00:0029:24E5	93400000260		CT1000-CDMA	1 Washington Blvd, Detroit, MI 48226, USA
COULOMB TECH / CONF RM 001	000D:6F00:0025:6FC3	GUID6730		CT1000-CDMA	INDOOR DEMO, Campbell, CA 95008, USA
COULOMB TECH / PM DEMO 001	000D:6F00:0025:6F44	GUID6708		CT1000-CDMA	1692 Dell Ave, Campbell, CA 95008, USA
COULOMB TECH / CONF RM 002	000D:6F00:0025:645C	GUID6709		CT1000-CDMA	INDOOR DEMO, Campbell, CA 95008, USA
COULOMB TECH / LAB STATION	000D:6F00:0025:5EAD	92300000071		CT1000-CDMA	1692 Dell Ave, Campbell, CA 95008, USA
COULOMB TECH / HQ 004	000D:6F00:0025:5E45	92300000191		CT1000	1692 Dell Ave, Campbell, CA 95008, USA
COULOMB TECH / CONF RM 003	000D:6F00:0025:5D83	GUID6711		CT1000-CDMA	INDOOR DEMO, Campbell, California 95008, USA

FEATURE LIST

Feature	Description
Access control	Configure Access Policies for one or more stations.
Advertisement control	Configure advertisements to scroll on the station's displays.
Usage reports	View graphical or tabular usage reports, with CSV export, for all stations or individual stations. Filter the report to include only the desired dates and stations.
Inventory reports	View tabular inventory reports (serial number, model, warranty certificate), with CSV export. Filter the report to include only the desired dates and stations.
Real time station location and status	View station locations on map with their real-time occupancy status.

ABOUT COULOMB TECHNOLOGIES

Coulomb Technologies provides the most advanced, easy to use electric vehicle charging infrastructure for municipalities, businesses and utilities - the ChargePoint® Network. Electric Vehicle (EV) charging is delivered via ChargePoint® Networked Charging Stations which cover the entire range of Level I, Level II, and Level III electric vehicle charging needs. The ChargePoint Network provides station owners a centralized view of the charging stations anywhere there is Internet connectivity. Web-based ChargePoint Network Software Application Services make it easy to provision, manage and maintain ChargePoint Charging Stations for every business need.
